## A Word From Our Chapter Director

iding season is here in full force. If you were at our last gathering you know Ginny, I and the Eames had a great time at the Ohio State Rally in Wooster. I know Greg is already thinking about going again next year. Ginny and I had a great guided ride through the Amish country. Our lead rider gave us a

Mike and Ginny Schelkun, CD

running commentary during the whole ride. New York did very well in the bike show and the light show thanks to Greg and Dee. She won second overall in the bike show and a first in the light show for trikes and

motorcycles with trailers – non-moving lights.

We are planning on two more rallies this year. Of course we will be going to the New York/New Jersey combined rally in Norwich. We hope to see you there. We are also going to the Rendezvous in Bellville, Ontario. We are looking forward to having a great time at both of these.

I want to thank Paul Wood for the short educational presentation he gave regarding a recent experience on a ride to Maine. One of his headlights burned out. He was stopped by the police, but luckily, didn't receive a ticket. Eventually he was able to get a new bulb and install it. It is highly recommended you carry a spare, even two. It is best to replace them in pairs. Bulbs for 1800s are readily available at parts stores. When one goes out it usually isn't long before the other does the same. I will be getting mine this weekend.

AAAAYYYY!!!! Summer is finally here! It seems like it was a very long, cold spring but warm weather is here. Now if it would rain a little less maybe we can get some good riding in.

Speaking of good riding, we have had some good rides this month starting out with Americade. Even though I wasn't in attendance I heard that it was a good time with lots of dry weather for a change. There is a confirmed rumor that someone had a test ride on a Boss Hoss! Several of our chapter members went to 2 Dash for Cash events, and due to a new rule change, they came back with 9 points for the 8 chapters they met with and the Americade breakfast. That put us at 10 points and our chartering fees for next year will be paid by the district. Thanks to all that went and attended these functions.

**Joe Skyner checks out a Boss Hoss. Looks like a fit.**

The Schelkuns and the Eames attended the Ohio district Buckeye rally to gain 2 more Dash points and what a great time we had. It was a very nice, well organized rally with plenty of vendors and lots to do and see. Dee entered the bike show and light show

*ACD, cont., page 3*

*CD, from, page 1*

Thanks to all who attended Americade and participated in the events that allowed our chapter to get Dash for Cash Points. We have 10 as a result. With the 2 from the Ohio Rally we have 12.

Enjoy the season and ride safe.

Mike and Ginny

## Chapter Basket District Rally

The chapter basket for the NYS District Rally is in the hands of Sandra Heid. Anyone wishing to donate something for the cause please contact her at [WINEBERRY55@GMAIL.COM](mailto:WINEBERRY55@GMAIL.COM) or by phone at 721-0725. The theme of the rally is "Come to the Country" so try to come up with items that will reflect that.

and got 2nd and 1st place respectively. We are already thinking about going back next year and hoping we can convince some of our fellow NY-W friends to go with us. I didn't hear

The garage sale at the Thayers to benefit the Ride for Kids netted \$379. Special thank you to the Thayers, the Skyners, the Fedelis, the Schelkuns and Rose Kleisle for all the help. A lot of fun was had despite the sudden hail storm that dampened some of the sale items but not the spirits of the crew.

The ride to the Middlesex roast beef dinner was a big hit. We were joined at Charlie's by quite a few members of the Christian Motorcyclists and had to split into 2 groups for the ride down. When we got there a large contingent of chapter C were already there. After the dinner 18 motorcycles took a scenic 1 1/2 hour ride and ended up having ice cream together before going separate ways.

The next day 8 of us went the southern route around Canandaigua, Keuka and Seneca lakes to go to the Woodland Roadhouse in Trumansburg for a very nice meal. Except for the ponds in the end of their driveway it was a very enjoyable time.

Coming up this month is chapter Y's Carousel Ride. We are planning on going down on Friday the 10th and going to the Ice Cream ride then spending the night, going to the Carousels and the picnic then returning home later Saturday if time allows. On the 16th to the 18th is the New England district rally. Contact Paul Wood if you are interested in going. It is good for 2 Dash points. Also on the 18th we will be riding to Utica and spending the night to go to the Ride for Kids on Sunday the 19th. If you would like to go and

### Rich Lawyer

A rich lawyer was going down the street in his limo when he saw a hobo kneeling in a park, eating the grass. The lawyer asked his chauffeur to stop and rolled down the window to talk to the poor fellow. The lawyer asked, "How come you are eating this grass?"

The hobo replied, "I have no money and no house, so my family and I live in this park, eat the grass, and drink out of the drinking fountain."

The lawyer said, "Well, I'm rich. Go get your family and friends, and you can all come to my house and I'll feed you."

Eventually the hobo, his family, his friends, and his friends' families all piled into the limo. As they were driving down the road, the lawyer broke the silence. "You know, you guys are really going to like it at my house. The grass is at least a foot long in the back."

### Differences then and now— 1957 vs. 2007

**Scenario:** Jack goes quail hunting before school, pulls into school parking lot with shotgun in gun rack.

**1957** - Vice Principal comes over, looks at Jack's shotgun, goes to his car and gets his shotgun to show Jack.

**2007** - School goes into lock down, FBI called, Jack hauled off to jail and never sees his truck or gun again. Counselors called in for traumatized students and teachers.

**Scenario:** Johnny and Mark get into a fistfight after school.

**1957** - Crowd gathers. Mark wins. Johnny and Mark shake hands and end up buddies.

**2007** - Police called, SWAT team arrives, arrests Johnny and Mark. Charge them with assault, both expelled even though Johnny started it.

**Scenario:** Jeffrey won't be still in class, disrupts other students.

**1957** - Jeffrey sent to office and given a good paddling by the Principal. Returns to class, sits still and does not disrupt class again.

**2007** - Jeffrey given huge doses of Ritalin. Becomes a zombie. Tested for ADD. School gets extra money from state because Jeffrey has a disability.

**Scenario:** Billy breaks a window in his neighbour's car and his Dad gives him a whipping with his belt.

## Wake Up Wingers

The Pennsylvania Rally is worth  
2 points in the dash for cash.

If you are attending the Pennsylvania rally and would like to do some extra riding before the event, come on down and join me for some Allegheny Mountain riding. If you are looking for an incentive to attend the Pennsylvania Rally this is it. This is like icing on the cake.

Please read the article to the right for information.

Picture your bike here. You can make it happen if you join me early for the PA District Rally.  
(I'll even provide the camera)

This is the Dr. Kniseley Covered Bridge located just off Rt 56 in Bedford County. There are several covered bridges in the area.

Chapter "W" can earn 2 points for going to adjacent state rallies. The Pennsylvania District Rally will be held in Johnstown, Pa., August 20-22 this year.

Our home town is Johnstown and I am inviting you to go a day or three early to ride the Allegheny Mountains.

We will be going there Saturday the 15th and staying with my brother. He lives near the Johnstown expressway which takes you downtown ending at the convention center.

He lives about a mile from Rt. 219 Gallaria Mall exit. There is a Super 8 at the exit and there are other motels not too far from there. You can check out [www.johnstownpa.com](http://www.johnstownpa.com) web site for motel information. Click on accommodations and a list appears with links to them. The Econo Lodge and Holiday Inn Downtown are located very close to the Convention Center in the city. The rest are near where I will be staying.

The Pa. Rally flier is available on the Chapter "W" website. [gwrra-nyw.org](http://gwrra-nyw.org)

This is open to *all* GWRRA members so, please let me know if you're interested in joining me for Fun and Frolic before the rallies so I can give you my Johnstown contact information.

**GWRRR Northeast Region B**

**MAD – The Lost Child of R/E** (from a speech at the NY District Meeting.

here is an aspect of Rider Education that unfortunately is too often ignored. It has been cast aside because, although vitally important, there is no clear way as how to implement it. There is no denying that the vast majority of motorcycle / motor vehicle accidents are caused by the negligence of the operator of the motor vehicle. The driver is at fault but we, the motorcyclists, suffer. The traditional approach of Rider Education to deal with this carnage is by directing their efforts toward training the motorcyclist. Among the things we try to do is to instill in the rider a good sound defensive riding strategy. Hopefully, by careful observation of their path of travel and their surroundings, the rider will be able to predict what the idiot behind the wheel will do that might kill or injure the rider. Then Rider Education tries to give the motorcyclist the physical riding skills required to

perform a safe, effective evasive maneuver that will avoid the disaster.

But all this has proven to be not enough! It's only one half of the equation. We need to incorporate the lost child of R/E. While we cannot "train" the motoring public in the way we train ourselves, we can communicate with them. We need to show them our side of the problem and to show them how they can help prevent the carnage. In short, we need MAD. But how can we do that? We certainly cannot invite the entire community over for a potluck supper and to view a seminar. Fortunately my home chapter has done quite a lot with getting the MAD message out. Here's some of what we did.

One of the first things we did was to get on TV. No, we didn't purchase air time. There is a television station back home that produces a show called "The Weather Outside". One of their people goes outside, either freezing or drowning, and presents the forecast. Occasionally community groups are allowed about 30 seconds of free air time to make some announcement. Since it was early April, three of our members, with their Wings (the station insisted on us bringing the Wings) implored the viewers to watch for motorcycles on the highway and to look twice.

Next we went on radio. A local station transmits a Saturday morning community affairs talk show. They invited three Rider Educators to go on the air at no charge. We spent 30 minutes explaining Rider Education, Motorist Awareness, and the need for the motoring public to "look twice for motorcycles". Then we fielded questions from the listeners about motorcycles, safety and the interaction of motorcycles and motor vehicles on the highway.

Another thing we did was to put on a mall show. Not your typical mall show, this show had only two bikes. Your run-of-the-mill mall show has 20 to 30 Wings spread over several hundred feet of mall floor space. This spreads everything out too far. By only having a few bikes, you maintain a focal point, a place where shoppers will concentrate. In this focal point we set up three tables. On these tables were all the R/E literature, guides and information. On another table we placed all of the Motorist Awareness pamphlets, bumper stickers, and other literature. Two of our members downloaded motorcycle safety videos and burned them on a DVD. We played that DVD as a continuous loop on a television set up on the table. The show was a great success. We had all sorts of people stop by, pick up literature, talk, and watch the video. The president of the local chapter of the "Kingsmen MC stopped by in full colors and asked

**Rider Education, from page 9**

for help in the area of group riding. As Rider Educators, we were all too happy to assist him. Then he watched the video and kept nodding his head. Our chapter is going to hold another safety mall show this spring but we will not have to create our own video this time. There is a new power point presentation on the MAD web site. It, along with the two accompanying video clips, can be downloaded from the web site. No password is required to download it and it can be set up to run continuously as a loop. It is much better than our old home made video. In addition to using it in a continuous format, a Seminar Presenter can give it at meeting of community groups. Does one of your members also belong to Kiwanis, Rotary, Fire Companies, Military, Sportsman's or Business Clubs, or even, God forbid, political groups? All of these are good opportunities for getting the message out and putting on a presentation.

Finally most everyone has seen the corrugated lawn sign that groups such as ABATE have produced. Last year our chapter had 100 of signs made. The signs stated "Motorcyclists Are Dying to Be Seen" and "Look Twice For Motorcyclists". We listed "Gold Wing Road Riders Association" and "Motorist Awareness Division" and we sold the signs for exactly what we paid for them, \$7 each. We have since sold out and are thinking of ordering another batch. If you are interested we purchased them from [www.designasign.com](http://www.designasign.com).

The most important thing is to get the message of MAD out to the community. Look around your community. You will find opportunities to reach out and communicate with the motoring public. Remember, traditional Rider Education is only 1/2 of the equation to solve the entire problem. If we can get to one motorist and save one motorcyclist, it's worth all of the effort!

*by Al Skiles*

As noted on page 7, I am urging you to not only attend the PA Rally, but to "come on down" a few days early to do some riding in the Allegheny Mountains. I spent a week in June there and did some riding in anticipation of showing you around. There is much to see and do in the area. This picture was

taken along Rt. 30, the Lincoln Highway. There are many sights like this around there. Nice windy mountain roads to enjoy. The Flight 93 site is only about 10 miles from here.

The Inclined Plane, flood sights that hit the city in 1889, a great display at the South Fork dam site presented by the National Parks System and a cook-out at my brothers. What more could you want?
