A Word From Our Chapter Director

Mike and Ginny Schelkun, CD

As I write this it is 19°F outside here in Rochester and I wonder why I am not some place warmer. Even though it is cold and windy all is not doom and gloom for motorcyclists. As of

December 21 the days are getting longer. That is a sign that spring and warmer weather really is coming.

With your bikes off the road this is a great time to install that chrome or the new lights you got for Christmas. That's something I will be doing.

We still have GWRRA events to attend. In January we have our Chapter W After Holidays Party at Rick's Prime Rib House January 30 starting at 6:00 pm. We have a room that will hold over 50 people so get your reservations to me. I need them by January 20.

There is also a NY District Meeting in Syracuse January 16. Chapter staff should plan to attend. It is also open to all members. I know Al Skiles is planning to drive and has room for passengers. Contact him directly if you plan to go and would like to car pool.

We will also be holding a ride planning meeting in February. Greg is working on the details.

We look forward to a new year of great and safe riding.

A note from our ACD

HAPPY NEW YEAR from Goofy Fixer!!!!

I hope everybody had a very good Christmas season and that Santa brought you all that you asked for. Dee, the girls and I spent a quiet, peaceful Christmas day at home together and just enjoyed each others company. As of this writing I'm not entirely sure about New Year's Eve but I imagine it will be the same. That is okay with me!!

The winter is progressing alright so far. We haven't had a lot of snow but we sure have had some low temperatures!! I usually bundle up this time of year and go outside and do stuff but this winter for some reason I feel more like staying in the house and hibernating. It must be I'm just getting old!!

Coming up this month we are having our post-holiday party on the 30th at Rick's Prime Rib on Buffalo Road starting at 6PM. I hope all of you have sent your order to Mike or will be sending it soon. The deadline is the 20th. I hope we can have a great turn-out. We have always had a good time at this dinner.

Start getting your ideas ready for rides for this coming summer. Our annual ride planning meeting is coming up

ACD, cont., page 2

An Editorial from National...

A long, long time ago (33 years) in a galaxy far, far away (Phoenix, Arizona), I was a much younger man. I had all my hair and it was mostly brownish, if you can believe that. Anyway, 6 other good people and I started GWRRA in a local "Denny's" restaurant. The purpose was to bring together folks that rode Gold Wings and wanted to learn more about them and have fun doing it. We rode all day ... whenever we could, and had a great time. And, believe it or not, we hardly ever rode to a Dairy Queen.

I look back on those days with a great deal of fondness. Everyone had a passion for this "way of life," and we were all proud of what GWRRA was, and could become. Back then, motorcycle safety wasn't part of discussions any "knowledgeable" biker had. We were, however, very interested in the Skills thereof ... even though a few of us felt we knew everything there was to know about skillful riding. After all, we had been riding since we were born.

Someone came up with Bike Games at our first Wing Ding and lo and behold, there was a LOT of stuff about skill-full riding that we hadn't learned! And, as is usual today, it took the "kids" to show us our ignorance. About that time, the MSF was founded and we, as an organization, jumped on their bandwagon with both wheels. And thus was born the concept of a Rider Education Division of GWRRA ... a Division that became the envy of many biking organizations today.

Thinking of those early days, reminds me how important it was for us to be the best we could be ... and when we learned how to share our experiences and skills with others, we really started clicking as a group. And boy did we grow! Personally and as an organization!

Now, I look around and see that we are in 52 countries and have over 74,000 Members in this organization, and I wonder ...

Do these Members today still feel the way we did? Do they still want to learn and become all they can with their motorcycle? Do they still have pride in what GWRRA has accomplished, because of themselves? Do they still enjoy sharing with others? Are they still learning from the "kids"? Do they still have the passion ?

GWRRA has always been about the people. The bikes just brought us together. And a finer bunch of people can't be found. Now the questions are, have you hugged your bike today? Have you shared your GWRRA

Twelve Important Things My Motorcycle Has Taught Me.

- 1 The only good view of a thunderstorm is in your rear view mirror.
- 2 Four wheels move the body; two wheels move the soul.
- 3 I'd rather be riding my motorcycle and thinking about God, than sitting in church thinking about my bike.
- 4 Life may begin at 30, but it doesn't get real interesting until about 70 mph.
- 5 Midnight bugs taste just as bad as noontime bugs.
- 6 Sometimes it takes a whole tank full of gas before you can think straight.
- 7 A bike on the road is worth two in the shed.
- 8 Young riders pick a destination and go; old riders pick a direction and go.
- 9 When you're riding lead, don't spit.
- 10 Catching a yellow jacket in your shirt at 70 mph can double your vocabulary.
- 11 If you can't get it going with bungee cords and duct tape, it's serious.
- 12 Only a biker knows why a dog sticks his head out of a car window.
- 13 (Bonus) I've never seen a Gold Wing parked in front of a psychiatrist's office.

Best Wishes,

National Editorial, from page 2

experience with another? Have your accomplishments within GWRRA given you pride? Hasn't that pride made a better organization?

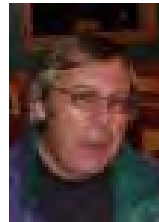

The legacy of GWRRA, that you and I leave behind, is all about us and our efforts. People won't know it unless we tell them, unless we share, and thereby grow the legacy.

If you want to leave behind a good legacy for your children and your friends that you've yet to meet, just share GWRRA with them. You, and they, will be glad you did.

Ride safely and well.

Paul Hildebrand
Founder, GWRRA

Some late breaking news is that we have a new Ride Coordinator. Well, I guess I should say

< Marty Watkins

Dan Strong >

Coordinator's.

Marty Watkins and Dan Strong have agreed to co-do the job.

Speaking of "the job", the **Ride Planning Meeting and Brunch** will be held at the **Eames Ranch on February 27th. at 10:00 AM.** Please bring a dish to pass and take the leftovers home with you unless you bring uncooked Lobster Tails, Prime Rib or NY Strips.

A birth announcement is in order. Owen Dickens came forth from the womb on December 24th at 3:35 PM. He weighed in at 6.5 lbs and stands 21.5 inches tall. His proud great-grandparents are Al and Joyce Skiles. Owen's picture is on page 12.

Region B News

*From the Region Directors
Earl & Lorraine Knight*

Hello Everyone,

We hope everyone made it through the first half of the holiday season with lots of fun, food, family and favorite traditional festivities.

We would like to wish all of you a very Happy 2010, a year full of good health, peace, love and prosperity.

We wish to thank Debbie Casale for her two years of dedication in serving as our Region Newsletter Editor. Her steadfast determination in keeping us on track with timely deadlines was her forte. She had a knack for adding some pizzazz to enhance our messages. Under her editorship, we have increased our understanding of the traditions, history and background of many holidays and other tidbits of interesting antidotes. Perhaps we can entice her to continue submitting more in the future. Again, thanks Debbie for a job well done.

We would like to announce the appointment of John Knight as our New Region Newsletter Editor.

Please send your articles directly to him at john@johnandmaryknight.com

You can also reach him by phone at:

401-725-4217 Home

401-374-5936 Cell

Please note that because of the holiday weekend and the change of newsletter editor, the January edition will be delayed a couple of weeks, in order to give us all a chance to get our article to John. If everyone (especially us) cooperates and gets them in on time, we hope to have the newsletter out on or about the 15th.

Please join us in welcoming John Knight to our Region Staff.

Happy New Year

Lorraine & Earl Knight

Northeast Region Directors

Here is a fantastic FUN OPPORTUNITY to help all our districts reach positive growth. For the second year, the New York District is hoping to recruit volunteers to work the

"No matter
where you go,
there you are.
And, you get
there better on a
Gold Wing"!

Wing Ding is Going Downtown!

Next July, Gold Wings will take over downtown Des Moines, Iowa as Wing Ding makes not only its first appearance in the Hawkeye State but its first appearance in a downtown setting along the riverbanks of the Des Moines River!

Wing Ding 32 is scheduled for June 30 - July 3, 2010 at the Iowa Events Center. For your convenience, show dates have been changed to Wednesday through Saturday to allow more weekend travel time! Registrations are already rolling in at a record-breaking pace and we expect a great turnout as we prepare to 'Meet in the Middle'!

Iowa Events Center

The Iowa Events Center features four facilities and endless possibilities under one roof. You will be able to browse the many vendors located in Hy-Vee Hall and Halls B&C of Veterans Memorial Coliseum - almost 150,000 square feet of exhibit space! You can take a load off or get a bite to eat in Hall A of the Veterans Memorial Auditorium where the food court along with a stage for live entertainment will be setup throughout the event!

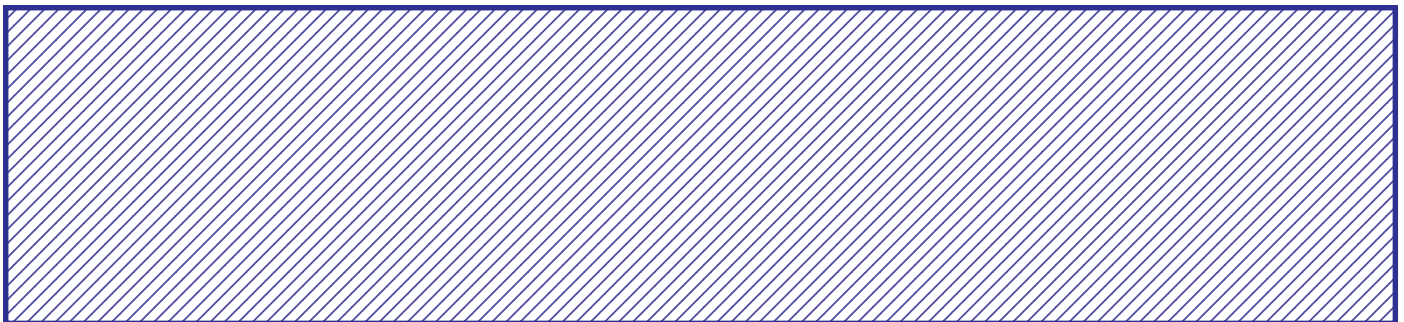

Other important facts about the center include:

- Connected to over 4 miles of climate-controlled Skywalks.
- Over 1700 hotel rooms in downtown Des Moines
- Over 2000 parking spaces
- Metro-wide

Happy New Year

Within walking distance of hotels, restaurants, shops, salons and more, we think you'll agree that the excitement of Wing Ding coupled with the ambience of a downtown setting make for what is sure to be an exciting event!

Region B Responsibilities: Light Parade and Grand Parade (with assistance from Regions I & K)

NY-W Rider Educator's Corner

Gregg Miller

Happy New Year to all!

I hope that everyone has had a very happy and safe holiday season. As we look forward to the next few months, many of us hope that the 2010 riding season will be better than 2009.

One thing that we need to be aware of as personal ride season planning takes place, is how to keep ourselves safer when we are NOT riding. By this I mean, how we can remain safe when we prepare our rides before the season starts. It's never too early to think about pulling the covers off the bikes, and how we'll do the maintenance safety checks before the annual inspection.

Mechanical and chemical maintenance are on our checklists, and this month's corner deals with poison control. Poison control is critical for those of us who personally handle chemicals like motor oil, brake fluid, potential exposure to battery acid and fumes, cleaners, waxes, etc. There are several ways that we can be poisoned – through inhalation, ingestion, and absorption.

Inhalation speaks for itself. Through regular breathing, we can inhale fumes given off by chemicals. When topping of batteries for the bikes, there is always a chance of vapor from battery acid. Likewise, fumes from gasoline, or even something as simple as an oil change can have an adverse effect on our physical well being.

Ingestion suggests that we are poisoned through whatever may enter the body through the mouth. The range here can be as simple as an allergic reaction to certain foods, or as serious as poisoning by harsh chemicals. Be aware of what chemical residue could enter your mouth while performing maintenance on the bike. Wiping your mouth with a shirt sleeve that is soiled with grease, oil, cleaning solutions, etc. can lead to a

poisoning situation.

Absorption is probably the most overlooked. This form of poisoning happens when chemicals are absorbed through the skin. However, the skin isn't the only organ that chemicals can enter through. The nose, eyes, and ears are also potential entry points for chemical absorption. How many times have we itched our noses or wiped our eyes with our hands when they are dirty from other maintenance activities.

This all leads up to simple and inexpensive poison control prevention. Personal protective equipment (PPE) isn't just for medical or other emergency personnel. Disposable gloves, safety goggles, and ear plugs, are all components of PPE for us as well.

There are a couple of types of gloves – latex and nitrile. Both are powdered inside for an easier fitting. However, the nitrile glove is better for protection from chemicals. They hold up better, and are the alternative for someone with an allergic reaction to latex. It may feel awkward at first, but wearing nitrile gloves for an oil change is a good idea. Gloves come in boxes of 50 pair and varied sizes, so keep some on the bike as well.

Protective eyewear in this situation doesn't mean safety glasses, but full goggles. Glasses don't close off the area around the eyes as well as goggles, and don't protect from chemical splashes due to the open areas on the face. It's very easy to get a splash when changing oil, topping off the battery, adding antifreeze to the cooling system, or even fluid reservoirs that contain corrosive brake fluids.

Many of us have gone to rock concerts where the decibel level is literally out the roof. Ear protection in high noise level environments makes sense, because our hearing is slowly damaged over time. But in certain situations it can also be beneficial where our ears can come in close proximity to chemical exposure, such as during an oil change where we lay on our backs to reach the filter or oil pan plug.

The more we can proactively be aware of our maintenance environments, and use PPE during these exercises, the safer we'll be and minimize our potential risks to poisoning.

Gregg

1999 SE1500 50th Anniversary Edition Honda Goldwing.

This is a beautiful two tone red Gold wing that has never been laid down and only has 15,972 miles it.

The bike has a matching Voyager Trike Kit that can be easily removed in less than 5 minutes and is currently off.

This Goldwing has many extras, Drivers backrest, Passenger armrests, Ring of Fire Lights around front brake calipers, Driver Floor boards, CB Radio and much more. This Goldwing has always been garaged kept with a cover on and well maintained. This Goldwing is a MUST SEE and Ready to RIDE.

GWRRA
Gold Wing Road Riders Association

**Leadership
Training
Division**

*by Jack Seeley
– NY District
Leadership Trainer
pedlesjack@aol.com*

Hello everyone; a lot of you knew me as NY District Treasurer for the last 6 years or maybe as NY-Y's Chapter Director for 3 years or you have met Donna and I at one of the many GWRRA functions we have attended starting in June, 1997.

September 1st, Donna and I decided we needed to be JAM's (Just a Member) for a while; less than 2 months! Ed & Dottie Bahrenburg your Region Leadership Trainers asked me to move up from just an instructor to become the NY District Trainer. As I really, really enjoy teaching, I said yes and then told Donna. Donna doesn't like to get up in front of people but, as many of you know, is always by my side when I teach whether it be Riders Education or Leadership classes. We make a great team.

Our Leadership Training goals for New York:

- 1 Bring on board more instructors!
- 2 Make available to all chapters, an instructor whenever needed,
- 3 To make GWRRA NY Chapter Directors, staff and their members the most educated, knowledgeable, fun loving people in GWRRA.

How are we going to accomplish this task? By getting a few volunteers to come join Donna and I as Leadership or Ride Education instructors. Join us by taking the Instructor Development & Certification course with other GWRRA members. The results will be incredible. We will be on our way of accomplishing our goals for Leadership Training within New York.

So; if you enjoy teaching or presenting and would like to help our GWRRA members, please contact me and join our Leadership Training team. The reward is meeting lots and lots of great people and fostering Friends for FUN, Safety and Knowledge.

Enjoy your day,
Jack Seeley

Hunting Flies

A woman walked into the kitchen to find her husband stalking around with a fly swatter.

"What are you doing?" she asked.

"Hunting Flies," he responded.

"Oh!, Killed any?" she asked.

"Yep, 3 males, 2 Females," he replied.

Intrigued, she asked.

"How can you tell?"

He responded, "3 were on a beer can, 2 were on the phone."
