### June is bustin' out all over!!

Summer will officially arrive this month and, boy, am I ready for it. Our spring was kind of up and down with the temperatures rising and falling like a pogo stick. We had a couple of weeks of good weather and then the temperatures went back down. I'm hoping the warmer weather is finally here to stay. We'll see.

Greg and Dee Eames, CD

Speaking of the weather we got the perfect warm, dry weather we needed for our Ride-In. Registration kind of plodded along slowly at first but once it got closer and it appeared that the weather was going to be nice, the registrations started pouring in. We ended up with approximately 125 people attending with 34 from our chapter, 6 from New Hampshire, 6 from Maryland and 4 from Massachusetts. The rest were from all over NY.

The weekend started out with 49 showing up at the Finger Lakes Racetrack for the fishfry buffet. Yours truly wore my Goofy hat to guide the parking and nobody had a hard time finding me. We had a private room reserved for the buffet and we showed them that Goldwingers know how to eat and have a good time!

On Saturday morning everybody showed up at the Bristol Firehall raring to go riding in the Finger Lakes. Bob Lucey did a great job of organizing the riders and 4

I am busy doing my chores on a Sunday knowing that Monday is Memorial Day and thinking if I work hard enough today I may be able to ride a little tomorrow. I am ruminating how eventful this past month was and now that the end of the month is getting near it must be time I write my ACD column. As I continue to work I start putting together my thoughts for the column and I glance at the calendar. NUTS! Today is the 27<sup>th</sup> and my column should have been sent two days ago! If you are reading this give Al a big thank you, he put my column in the newsletter even though I sent it to him late. *(No problem Larry, the holiday weekend put me into a tail-spin too. Had unplanned visitors from out of town so no Winger work got done. — Al)* As I open the laptop I plan on writing the column anyway and hope for the best.

Larry Helber, ACD

I want to thank everyone who helped plan or attend the Ride-In we hosted this year. Perfect weather contributed to making our efforts a resounding success. Everyone seemed to have a great time. I know I enjoyed seeing many of my GWRRA friends that live outside the Chapter W region. At many of the GWRRA events that I attended over the years I have met a long list of people that I have shared a few laughs with. It is always good to see them again and I look forward to the next opportunity to meet. The weather was perfect for riding and leading a

groups left to go touring leaving only 7 of us at the firehall! A group of late-comers arrived and kept us company. Uncle Ralph arrived and set up his barbeque pit to start cooking the delicious chicken we were to enjoy later.

Around 11:15 the rides started to come back and everybody started getting together and socializing. Soon the barbeque was ready and everybody enjoyed the tasty meal. After the meal was finished it was time to show everybody the Born to be Wild video that we had put together. Everyone had a good laugh about that! If you haven't seen it yet there is a link to it from our website.

After a few announcements outgoing Region B Director Ed Bahrenburg took the mike and presented Paul and Suzette Wood with the status of Senior District Directors. This award went to them for all of the hard work they do for our district.

We then had a door prize drawing where we raffled off the bags of goodies that had been contributed by our members. The members from Maryland had quite a haul from that.

The 50/50 drawing of \$111. went to our own Joanne Johnston.

After partaking of Read's delicious ice cream everybody again left to go riding leaving 7 of us, again. It sure was quiet! When riders returned we cleaned up and everyone went their ways.

Pictures that were taken of some of the groups and other candid photos and rider pictures that were taken at a scenic overlook on Canandaigua Lake are also available for viewing from our website.

Saturday morning most people opted to head for home but 17 people went to the firehall in Cheshire for a wonderful pancake breakfast with eggs, sausage and homefries.

All in all I am very proud of all the hard work and preparation that went into the Ride-In and from all accounts it went very smoothly with no problems. Thank you to all the members that helped and thank you to all that attended. I, for one, completely enjoyed myself and was very happy with the event.

June brings us Americade from the 5<sup>th</sup> through the 9<sup>th</sup> and we have a lot of other good riding opportunities coming up this month including several weekend rides. We will be following Linda Pearson to Horseheads on the 16<sup>th</sup> to go to the Arnot Mall and the soaring museum. On Father's day, the 17<sup>th</sup>, I will be leading a ride to Fort Niagara and then to the Silo Restaurant in Lewiston. On the 23<sup>rd</sup> Charlie Fedeli will be leading a trip to Corning to go to Wegmans and a tour of Market Street. This will be an overnight trip and on Sunday morning the ride will continue to the Penn-Wells Hotel in Wellsboro, Pa. for brunch in the Mary Wells Dining Room. For more details on these rides check the ride schedule.

Dee, Shelby, Mickee and I will be taking a trip to Texas from June 23<sup>rd</sup> to July 8<sup>th</sup>. This will be a fact-finding mission as we are planning at this point in time to move to the north Houston suburbs after the girls have both graduated high school in 2 years. While we are there we have made plans for the Skyners to join us for several days. We are looking forward to both the trip and seeing the Skyners. I will have text, phone and e-mail capability but may not return calls or texts until in the evening. Just FYI.

Have a great June.

# Recipe of the Month

## SPONGE CAKE

*(Goes great with fresh strawberries)*

- 2 Eggs
- 1 cup Sugar
- 1 cup Flour
- 1 Tsp. Baking Powder
- 1/4 Tsp. Salt
- 1/2 Cup Milk
- 1 Tsp. Lard

Cora Turner

Beat egg till light and frothy,

Add sugar and beat.

Heat milk and lard and add to eggs and sugar.

Add and mix dry ingredients throughly and beat--and BEAT.

Bake immediately in oven 375 degrees for 30 minutes.

Beat eggs until light and add with milk to dry ingredients.

Stirr until smooth and pour in melted butter,beating hard for 2 minutes.

Pour over berries and bake in moderet oven for 45min-utes.

Serve with Vanilla Sauce.

### SAUCE:

Mix 1/2 Cup of sugar, 1 Tbs. Corn starch, add 1 cup boiling water, stirring constantl. boil 10 minutes.

Remove from fire and add 2 tbs. butter and 1 ts. vanilla.

## STRAWBERRY PUDDING

- 1 Qt. Berries
- 1 Cup Sugar
- 1 Cup Flour
- 2 Ts. Milk
- 1/2 Cup Melted butter
- 2 Eggs

Put berries and sugar in buttered baking dish.

Sift flour, baking soda, and salt.

It's strawberry season so I thought a couple of good strawberry recipes would be a good idea.

I raided my grandmothers recipe box and came up with these.

I hope you enjoy them.

## Protection Tips Against Summer Heat

by Jim Pearson, Chapter Educator

As spring appears to have started in March and now we are looking forward to summer and it's associated heat, we should keep in mind the effects that the summer sun and heat can have on any or all of us.

Jim Pearson  
Rider Educator

### Sunburn

You should never get sunburned. It is not healthy and leads to premature aging, wrinkling of the skin and skin cancer. Sunburn is caused by too much exposure to ultraviolet (UV) light. This can be from the sun, sunlamps or even from some

workplace light sources such as welding arcs. Signs of sunburn are skin that is:

- ◆ Red
- ◆ Swollen
- ◆ Painful
- ◆ Sometimes blistered
- ◆ Chills, fever, nausea and vomiting can occur if the sunburn covers a lot of your body and is severe.

The risk for sunburn is higher for:

- ◆ Persons with fair skin, blue eyes and red or blond hair
- ◆ Persons taking certain medications including sulfa drugs, some antibiotics (tetracyclines), some water pills and even Benadryl (an over-the-counter antihistamine)
- ◆ Persons who work with UV light sources
- ◆ Persons exposed to a lot of outdoor sunlight

### Prevention

Avoid the sun's rays between the hours of 10:00 a.m.

and 4:00 p.m. Protect your skin. Use sunblock with a sun protection factor (SPF) of 15 or more when exposed to the sun. The lighter your skin, the higher the SPF number should be. To work well, sunscreen should be put on 15 to 30 minutes before you are in the sun, every hour to hour and a half you stay in the sun and after swimming. You can buy makeup with sunscreen, too. Be aware that inside a helmet, especially a full-faced one, fumes may impair vision or the lotion can run into the eyes. Trade-off: Visibility versus sun protection. You may choose to wear muted colors such as tan. Bright colors and white reflect the sun onto the face. Some clothing has sunscreen protection. Wear a helmet with a visor, the equivalent to a wide-brimmed hat. Wear sunglasses that absorb at least 90% of UV rays. Labels on sunglasses tell you this.

### Heat cramps, Heat exhaustion and Heat stroke

Take caution when you must be in the sun. At the first signs of heat exhaustion, get out of the sun or your body temperature will continue to rise. Do not exercise vigorously during the hottest times of the day. Instead, run, jog or exercise closer to sunrise or sunset. If the outside temperature is 82 degrees F or above and the

Every month we will feature a "youth" picture of one of our members in the Winger. The pictures will be drawn at random from sub-missions received. By youth I mean average age of 4-10. Baby pictures are really hard to identify. Each correct guess received will win a ticket to a monthly drawing for a \$5 prize. The person whose

humidity is high, do your activity for a shorter time. Wear light, loose-fitting clothing, such as cotton, so sweat can evaporate. And, put on a wide-brimmed hat with vents. Drink lots of liquids, especially if your urine is a dark yellow, to replace the fluids you lose from sweating. Thirst is not a reliable sign that your body needs fluids. When you exercise, it is better to sip rather than gulp the liquids. Drink water or water with salt added if you sweat a lot. (Use 1/2 teaspoon salt in 1 quart of water.) Sport drinks such as Gatorade, All Sport and PowerAde are good too. If you feel very hot, try to cool off. Limit your stay in hot tubs or heated whirlpools to 15 minutes. Don't use them when you are alone. Do not drink alcohol or beverages with caffeine because they speed up fluid loss. Stay out of the sun if you are taking water pills, mood altering or antispasmodic medications. Check which ones are safe with your doctor.

Some people perspire more than others. Those who do should drink as much fluid as they can during hot, humid days. Know the signs of heat stroke and heat exhaustion and don't ignore them.

### *Heat Cramps*

Usually the result of dehydration – drink liquids and massage affected muscles gently, but firmly until they relax.

### *Heat Exhaustion & Heat Stroke*

Sweat acts like our natural air conditioner. As sweat evaporates from our skin, it cools us off. Our personal cooling system can fail, though, if we overexert ourselves on hot and humid days. When this happens, our body heat can climb to dangerous levels. This can result in heat exhaustion or a heat stroke which is life-threatening. Heat exhaustion takes time to develop. Fluids and salt are vital for health. They are lost as children and adults sweat a lot during exercise or other strenuous activities. It is very important to drink lots of liquids before, during and after exercise in hot weather. As strange as it seems, people suffering from heat exhaustion have low, normal or only slightly elevated body temperatures.

Signs and Symptoms of heat exhaustion include:

- ◆ Cool, clammy, pale skin
- ◆ Sweating

## New York District GWRRA Region B

### 2012 Dash for Cash

*(Only Chapters assigned to the NY District can compete in the 2012 Dash for Cash Program)*

New York District GWRRA “Dash for Cash” has entered its fifth year – its purpose is to encourage Chapters to visit each other, to participate in GWRRA Programs, and to attend conventions and other functions within the Region and beyond.

The New York District will pay the charter fee for the year 2013 for any chapter attaining 20 points.

Points may be earned from January 1, 2012 through November 15, 2012.

The chapter with the most points in excess of 20 at the end of the program period will also be awarded a check for \$100.00.

couple of groups we traveled the Finger Lakes and had a great time and surprisingly we had very little traffic. Uncle Ralph's did a great job cooking the chicken and I was very happy to see that Read's Ice Cream also brought a sherbet for me to enjoy. I couldn't make the fish fry or breakfast but I understand we had great turn out there too. The photos from the event have been posted on Picasso so go to our home page where you can follow the link to the pictures.

I mentioned last month that I would be moving soon and that process is still moving along and that was part of my distractions last month dealing with bankers, realtors and attorneys. The process is not over but I hope they are drawing closer to a conclusion. When they do I was hoping to host a BBQ to try out the new facilities and see how many Gold Wings my drive way can hold. The problem I am having is our ride planners have done such a great job of providing us with a wide variety of events it can be difficult to plan something else. Not because I would assume everyone would be riding but I would be attending our events and not be able to attend my own party. There are a few empty slots and we will have to see what happens. I have a few more hurdles to navigate that will keep me occupied this month but I expect most of it to be over by July.

June is a fun month for riding. We have Americade and the Rocco Cole Memorial Dinner in Lake George. This is always a fun time and of course there is plenty of

great riding up on the Adirondacks. At the last dinner ride I hear a group of people talking about taking a side trip into Vermont to the Ben and Jerry's factory. Speaking of which, our ice cream rides begin in June too. Don't forget to meet at Tinker Park if you want to ride with the group or you can meet us at the designated shoppe. Our Tuesday night dinner rides have begun too. Meet at the Burger King before 6:30 to go on a nice ride that ends at a favorite restaurant. The 17<sup>th</sup> is Father's Day and Greg always puts together a nice ride for us all to enjoy. We are also looking at a trip to Corning and Wellsville. All of this just in the Month of June. July brings in Wing Ding and then I will celebrate my birthday by leading our Cooperstown trip and the Ride For Kids. When am I going to have time to move?

I have so much more that I would like to add but I need to get this article in the mail if I want to have any change of having this column read. Hopefully by this time next month I will have most of my distraction completed and I can start to get back on schedule. Enjoy the road and ride safe.

Guess where. Don't ask me. I wasn't there.

- ◆ Dry mouth
- ◆ Fatigue, weakness
- ◆ Dizziness
- ◆ Headache
- ◆ Nausea, sometimes vomiting
- ◆ Muscle cramps
- ◆ Weak and rapid pulse
- ◆ Dark Urine

Heat stroke, unlike heat exhaustion, strikes suddenly, with little warning. When the body's cooling system fails, the body's temperature rises fast. This creates an emergency condition. Signs of heat stroke include:

- ◆ Very high temperature (104 degrees F or higher)
- ◆ Hot, dry, red skin
- ◆ No sweating
- ◆ Deep breathing and fast pulse - then shallow breathing and weak pulse
- ◆ Dilated pupils
- ◆ Confusion, delirium, hallucinations, irrational

behavior

- ◆ Convulsions, Seizures
- ◆ Loss of consciousness

Chronic medical conditions such as diabetes, use of alcohol, and vomiting or diarrhea can put children and adults at risk for a heat stroke during very hot weather. Heat stroke in children is not only due to high temperatures and humidity, but also to not drinking enough fluids.

**Prevention**

- ◆ Wear loose-fitting, lightweight clothing in hot weather.
- ◆ Rest frequently and seek shade when possible.
- ◆ Avoid hot places.
- ◆ Drink adequate fluids.
- ◆ Avoid overheating if you are taking drugs that impair heat regulation, or if you are obese, or elderly.
- ◆ Exercise gradually and increase salt and water intake.

## Registration for the 2012 NY/NJ Bi-State Convention is now open

**W**e are excited to announce that registration for the 2012 NY/NJ Bi-State Convention is now open. We are happy to announce that we are able to keep this year's fees the same as they were last year, while maintaining the same level of event quality.

The aim for the 2012 NY/NJ Bi-State Convention is FUN, FUN, FUN. You will have access to great riding throughout the scenic areas of northern New Jersey, southern New York, and eastern Pennsylvania and numerous local attractions with guided rides planned to a few of them. The Medic First Aid Basic Plus is being offered along with a variety of new Rider Education, Leadership Training, and life skills seminars.

A number of vendors will be present and will be located on the premises of the host hotel. Enhancing the FUN factor are terrific activities and entertainment that are being planned for both Thursday and Friday evening. It will be lots of FUN to gather with friends after all of the day's activities for an evening of good old fashioned camaraderie and laughs! More information about this FUN event, including the registration form will be available on the NY District website soon.

See you there!

## **Breakfast at Panorama then...**

# **Come one come all, this is a great chance to polish up on your riding skills prior to Americade and Wing Ding.**

**June 2, 2012 — 9:30AM**

**Old First Bible Baptist Church**

**1039 N. Greece Road, Rochester, NY**

**(1/2 mile north of Ridge Road)**

We will have our scheduled breakfast and then for those planning on attending the PLP Practice, we will ride to the church from the restaurant. For those not attending breakfast, meet at the church at 9:30 A.M. We plan on holding the exercise in the morning for two wheeled motorcycles, then break for lunch at noon, with a trike course after lunch. Each class is expected to last approximately 3 hours. We will be breaking for a one hour lunch and going out to eat.

There is a \$5 registration fee which will be donated to the church for use of their parking lot.

Regards,

Jim Pearson

Chapter Educator
